It is Sunrise. Simba is in his den when a lioness comes up to him. She roars in his face. Then, she jumps on him! How does Simba take this rude response?

* **Fight to kill!** => 2

* **Ignore the lioness completly** => 5

Simba pounces on the lioness and pins her to the ground! He scratches her face. Then right across her nose. Then on her left eye. Then he scratches her neck!

The lioness, taking offense by this, lays limp. Perhaps she thinks that if she plays dead he'll leave her alone, but maybe she was trying to go to sleep.

How do you respond to that?

* **Kill her!** => 3

* **Get off her and introduce yourself** => 4

* **Ignore her, she's dead.** => 6

While you may have thought that killing this lioness was the right thing to do, after scratching her other eye, biting her neck, scratching her while doing that, and scratching her nose most of all, you realise that by killing this lioness you kill the only lioness who might be your mate. She is dead now. There is nothing you can do. Well, there is one thing you can do. PLAY AGAIN! Even though you lost, you can still ask the other lionesses about her.

* **Play again** => 1

* **Ask the other lioness** => 7

"Hello." you say "I'm King Simba. I'm sorry I attacked you. You attacked me first though."

"YOU THINK YOU CAN MAKE IT UP BY TELLING ME YOUR NAME AND SAYING SORRY!?" said the lioness clearly offended by this "Goodbye. I'm sorry I ever met you "King Simba!" I never want to see your face again! I'm leaving!"

Well, you TRIED to make up for attacking her, but sadly, she leaves. You learn no more about this lioness. She is out of your life forever. All you know is that she thinks your the rudest lion ever. Great job.

YOU LOSE! GAME OVER! YOU LOST!

* **Play again** => 1

You ignore her. You don't even look at her. You are ignoreing her completly. You don't even care about. Your not thinking about her.

The lioness lets you up and runs away. All she knows is that your a VERY rude lion who dosen't even pay attention to his attacker. You blew it. You never see this lioness again. She is ignoreing you like you ignored her. There is still hope though.

* **Play again** => 1

* **Tell the lionesses not to hunt and look for the lioness.** => 12

* **Tell the lioness to not hunt and look for the lioness.** => 13

You get off her and go back to laying down. That was the rudest, dumbest, and weirdest lioness you ever met by what you thought of her. You never found out if she was rude, dumb, or weird. You didn't care. You go back to what you are doing and ignore the "dead" lioness.

She gets up and runs off. She never comes back. You don't know if she is alive or dead. You don't even know where she is. She's probubly mates with a much nicer lion. There is still hope though.

* **Play again.** => 1

* **Tell the lionesses the go get anteater for dinner.** => 14

"Hey," you say tuning to the other lionesses "Do any of you know the lioness I just killed?"

"No." they all say

Yet another lioness comes up Pride Rock. What do you say to her?

* **"Carry on."** => 8

* **"What are you doing here?"** => 9

8

"Carry on." you say

You go back to what you are doing and don't question to lioness. You don't care. You're in your own little world and you don't care who you harm in it and people can come and go and you don't care. Wow.

You never find out more about the lioness. She's gone. Your second chance at love just walked out of your life. You ruined your first and second chance. NO MORE CHANCES ARE AVAILABLE!

YOU LOSE! GAME OVER! YOU LOST!

* **Play again** => 1

9

"What are you doing here?" you ask

For your second chance at love you're doing pretty well. You glare firmly at the lioness waiting for her answer. You are sure you have never seen this lioness in your life. So it's safe to say she thinks you're a tough lion.

"I'm Aala." she says "I'm here to pick up my sister. She's....dead though. I think you killed her. I guess I'll take her now."

What do you do?

* **Let her stay here, you deserve to make it up to her for killing her sister** => 10

10

You let the lioness stay in the Pride and she becomes one of the Pride members. She goes hunting. She asks you what you would like her to hunt to prove her loyalty. What do you say?

* **Go with what the Pride wants, aardvark.** => 11

11

She goes out to hunt aardvark like you told her to. She never finds it. You killed the lioness. There is no hope for her. You have killed the lioness AND her sister.

YOU LOSE! GAME OVER! YOU LOST!

* **Play again** => 1

12

You told the lionesses not to hunt and that to go get something that doesn't live in Africa. Your Pride left you and joined the Pride of the lioness and the much nicer lion she is mates with.

YOU LOSE! GAME OVER! YOU LOST!

* **Play again** => 1
